Sprint Retrospective – 12/12/25

Action list

☒ Be transparent in everything we do concerning the project, it may be progress or blockers.

☒ implement daily and weekly goals, and review meetings to prioritize the remaining 30% of the project

☒ Focus on completing high-priority tasks first to avoid procrastination

☐ Track work of all the members in the group so that we can stay consistent all throughout.

☒ Another AI feature to be added (Model continuous refinement)
